VIKING SERIES features multiple-position which gives workers flexibility to wear the earmuffs over-the-head, behind-the-head or under-the-chin. It can be worn with other PPE, including hardhats, visors, face shields, respirators and shields. Viking's robust non-deforming dielectric construction withstands use and abuse, while protecting users in electrical environments. Inner-ventilated headband reduces pressure on head providing comfort in humid/warm conditions.
